MACDONALD

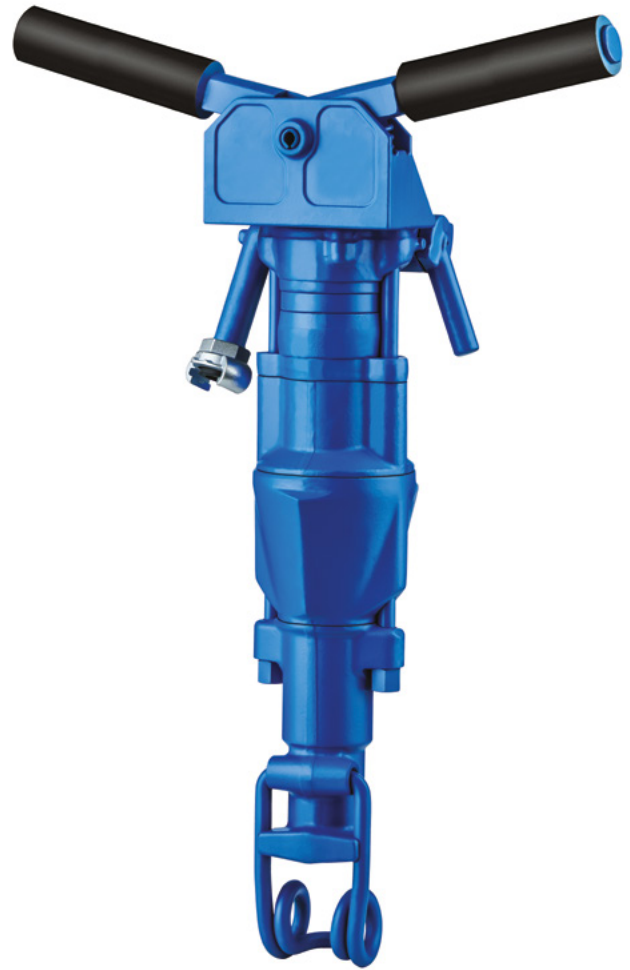

1615VR

The Macdonald 1615VR rock drill is lightweight, compact and ideal for pop holing, gas work and excellent for confined spaces.

It is designed for hand drilling holes suitable for blasting operations in mines and quarries and is capable of being used on rocks of varying hardness.

BENEFITS

- Ergonomic handles to reduce operator exposure to hand arm vibration.
- Cushioned grips for operator comfort & productivity.
- Silencer for effective noise suppression.
- Well balanced, manoeuvrable & high strike energy.
- Quick change retainer.
- Drop forged components for minimum wear & maximum life.
- Will drill 34mm hole up to 1.5m deep.
